Where international, state, and/or county boundaries coincide, the map shows
the boundary symbol for only the highest-ranking of these boundaries.
1 A "1" following a place name indicates that the place is also a false MCD;
the false MCD name is not shown.
2 In 1990, the census-90 census population of ships at sea was allocated to
census tracts with a "99" suffix. An anchor symbol appeared on the 1990
maps locating a census tract. These maps show a very small area
symbolized as a census tract with the census tract number shown near the
area.
